

## California Cap-and-Trade Program August 2022 Joint Auction #32

### California Post Joint Auction Public Proceeds Report Update Issued on September 21, 2022

#### Background

The California Air Resources Board (CARB) and Québec's ministère de l'Environnement et de la Lutte contre les changements climatiques (MELCC)<sup>1</sup> held a joint auction of greenhouse gas (GHG) allowances on August 17, 2022. The auction included a Current Auction of 2022 vintage allowances and an Advance Auction of 2025 vintage allowances. CARB and MELCC approved the results of the auction and issued a Joint Auction Summary Results Report on August 24, 2022. This California Post Joint Auction Public Proceeds Report provides information regarding proceeds to the State of California from the sale of allowances in the Current Auction and Advance Auction, as described in the Joint Auction Summary Results Report. The information provided in this report provides program transparency while also maintaining the confidentiality of individual auction participants' market positions.

The Joint Auction Summary Results Report did not include the auction proceeds because of the need to complete the currency exchange required to determine final proceeds payments in a joint auction. Winning bids were submitted in one of two currencies – United States dollars (USD) or Canadian dollars (CAD). When the Financial Services Administrator distributes proceeds to the jurisdictions, California must receive auction proceeds only in USD and Québec must receive auction proceeds only in CAD. Consequently, after receiving payment from all winning bidders, and based on instructions from the jurisdictions, the Financial Services Administrator exchanged an amount of currency at prevailing market rates prior to transferring the auction proceeds to the jurisdictions. The total amount of auction proceeds received by California and Québec from the sale of state- and province-owned allowances reflects the exchange rates available prior to the time of distribution of auction proceeds, to the extent that currency had to be exchanged prior to this distribution. The average effective exchange rate to complete the currency exchange required for final distribution of auction proceeds for this auction was 1.2959 CAD to one USD.<sup>2</sup>

<sup>2</sup> Currency exchange occurred over the time period of August 24 to August 26, 2022. The average effective exchange rate used for this conversion reflects the average of the exchange rates provided by the Financial Services Administrator and accepted by the jurisdictions to conduct the exchanges.

As indicated in the Joint Auction Summary Results Report, and as provided for in the California Cap-and-Trade Regulation, sellers who consigned allowances in this auction are paid the auction settlement price in USD for every consigned allowance sold. The Auction Exchange Rate for this auction was 1.2867 CAD to one USD.

Auction proceeds resulting from the sale of California-owned allowances and consigned allowances in the August 2022 Joint Auction #32 are shown on the following page.
